“BUILDING A BETTER FUTURE TOGETHER”

Knowing the Salinas Beach Resort

The emblematic arch on the Interbalnearia Road welcomes you to one of the most traditional beach resorts on the Costa de Oro (Gold Coast).

Salinas boasts the perfect combination between urban infrastructure and nature, with very good services (that serve all its area of influence) and a beautiful landscape of wide beaches. The beach resort houses an important permanent population that has grown in the recent years, but maintains its familiar and serene atmosphere even in the busy months of summer.

The beach of Salinas, with calm waters, is ideal for the enjoyment of children. The strip of sand is wide and typical beach sports are usually played.

Julieta Avenue, with its abundant shops, is one of the classic walks of the beach resort. The sunsets on the boulevard (Rambla), drinking mate, are also part of the Salinas's identity. At night, there are entertainment options for teenagers and places to go out to dinner. The **Albatros club** is the main social center of the town, with activities throughout the year.
